E. PASO, TEXAS, Oct. 13.—An attack upon the forces of General P. Elias Calles at Angua Prieta, the only remaining Carranza garrison in Sonora, was repulsed yesterday morning by Carranza officials in Juarez. The agreement secured at Naucalpan some months ago through General Hugh Scott, chief of staff, providing for the neutrality of the border points will be ignored, however, if conditions appear to be worse and another injection of the serum was administered.

WAR CRISIS SEEMS IMMINENT IN GREECE

GREEK SAILORS DRILLING ON THE QUAY beside their ships. With the break between Premier Venizelos and King Constantine over, Greece's attitude toward the war in Asia Minor is growing every day.

CONSTANTINOPLE, Oct. 13.—The break between the king and premier was accepted.

Premier Venizelos, in announcing the resignation to the chamber of deputies said Del Casse offered his resignation upon returning for his recent trip to England and again offered it last night.

PARIS, Oct. 13.—An important announcement respecting changes in the French cabinet probably will be made today.

The desire to obtain united support of all elements in parliament in holding the hands of the government in dealing with foreign affairs, particularly the critical conditions in the Balkans, probably will result in changes in the ministry. The question is receiving the attention of that body at a council in session today.

The continued ill health of Foreign Minister Del Casse is giving serious concern.

AUSTRIANS ARE PUSHED BACK

Russian Victory Along the Strip Means Ultimate Retirement of Enemy Into Lemberg

THE BALKANS AWAIT THE ISSUE

Smaller States Heretofore Have Been Governed by Means of Czar's Successes or Reverses

LONDON, Oct. 13.—The issue between Bulgaria and Serbia apparently has been joined squarely. It is reported unofficially that Bulgaria has declared war. Little is known here of the progress of hostilities between the contestants beyond the fact that Bulgaria has invaded Serbia and is said to have suffered reverses in the opening engagements. In northern Serbia the Austro-German invaders are meeting with stubborn resistance.

The report from Petrograd yesterday of an important Russian success in Galicia has been confirmed officially. General Ivanoff has broken the Austro-German front along the Strip, taking 2,000 prisoners and a number of guns. If the Russian victory is as definite as is indicated by the official announcement the Austrians may be compelled to fall back on Lemberg. Such a retreat would be certain to have considerable moral effect in the Balkans, where the continued neutrality of several states is believed to be due largely to the severe reverses suffered by Russia during the summer campaign.

In the Drinik region decisive fighting continues with the offensive shifting frequently from one side to the other. Field Marshal von Hindenburg evidently intends to continue his attack as it is reported reinforcements for his army are on the way to the Drinik front.

From the western front come reports bearing evidence that the French are resuming the offensive in the Champagne. Paris claims slow but steady progress, accompanied by the capture of a few prisoners and heavy losses for the Germans. A German correspondent at the front states that a great fight in which alarms seem to be engaged is proceeding in the Champagne. This is regarded as an indication that the French intend to resume the offensive.

Bulgaria is rated as one of the most powerful of the Christian Balkan states. Her army is well considered smaller than that of her neighbor Romania, is well drilled and equipped. Her military strength on a peace footing is only about 50,000, but in time of war she is able to put into the field something like 300,000 men.

Bulgaria Since Balkan War

Since the second Balkan war, in which Bulgaria fought Greece and Montenegro after the victory of all four nations against Turkey, Bulgaria has been taunted to certain extent from the other Balkan states.

The second war, which resulted from a dispute as to the division of territory won from Turkey, was not participated in by Bulgaria, which also kept out of the first Balkan conflict.

Kumanian troops invaded Bulgaria, however, and forced the latter to make territorial concessions.

PARIS, Oct. 13.—After the adjournment of the Greek chamber, says an Athens dispatch to the *Matin*, former Premier Venizelos told his supporters who constitute a majority of the chamber, who it would be advisable to adopt a tolerant attitude towards the new cabinet. This would be done, he said, to avoid a crisis, the consequences of which might be grave, and to avoid giving a pretext for the dissolution of parliament.

PARIS, Oct. 13.—The Athens correspondent of the *Matin* says he has learned from diplomatic sources that the Serbian government having raised at Athens the question of Greece being called upon to give her support under the terms of the treaty of alliance, the Greek government replied that the present aggressive action of Bulgaria had a purely Balkan character and therefore did not come within the provisions of the Greek-Serbian treaty.

COPENHAGEN, Oct. 13.—As a result of the British submarine campaign undertaken to prevent Germany from receiving supplies from Scandinaavia, the German steamer *Walter Eschenhald*, 261 tons gross, was sunk in the Baltic yesterday by a British submarine after her crew had been repatriated to take to their boats.

BERLIN, Oct. 13.—The Austro-German invasion of Serbia is making progress. A village and other positions south of Belgrade have been captured.

PARIS, Oct. 13.—The Germans last evening attacked the French positions near Soissons, according to the announcement made this afternoon by the French war office, and everywhere were repulsed.

MORAL: READ IT!

"I met a man last night," said H. M. Fairley, secretary of the board of education today, "who was unaware of my connection with the board. We talked at some little length on the various phases of the school controversy, and finally, when he discovered whom I was, he declared that he had been following the developments very closely but that he had discovered the accuracy given in The Times to be far more accurate than in any other paper. The man, so far as I am aware, did not know either the Times reporter covering the schools, nor did he know any one connected with the paper. The Times' accounts, he declared, were comprehensive, accurate and free from offensive sensationalism."

"Whenever I desire a dependable story," he said, "I always turn to The Times for it."
